

# POWER LIFT SLH

## 5500 KG

Best in market pick-up area and arm range for full flexibility

**CE-Stop** preinstalled in all Advanced and Premium versions, no hang-in foot protectors needed

## THE NEW POWERHOUSE: STRONG & FLEXIBLE

- Unrestricted load capacity in any extension position ensures CE conformity at all times
- Space-saving design with internally routed hydraulic and electrical lines avoids disruptive cable ducts on the column
- Roller-bearing mounted lifting carriages for smooth lifting and lowering behaviour without stick-slip effect and roller-bearing mounted support arms doppel convenient operation and effortless extension
- Robust column profiles ensure maximum stability of the lift

*Suitable for Smart to Sprinter long wheelbase at the original mounting points*

# SPACE SAVING, FLEXIBLE AND FULLY CUSTOMIZABLE

## Advanced version:

Air cooled power unit with electric latch control and push-button control.

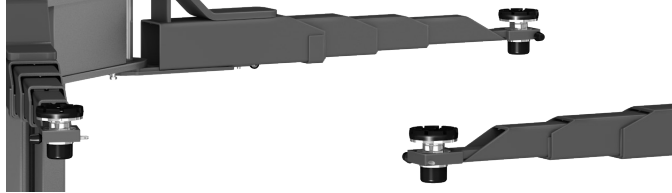

## Premium version:

Oil submerged power unit with Nussbaum-Commander for precise lowering and automatic latch control.

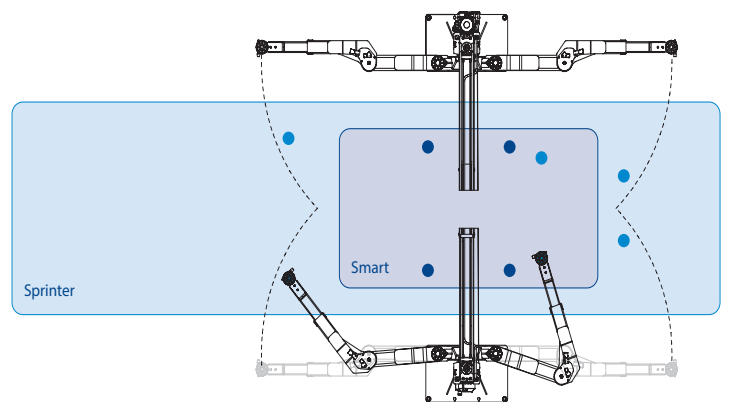

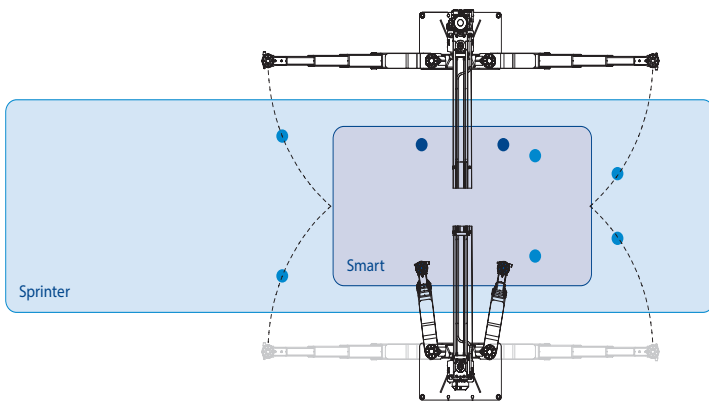

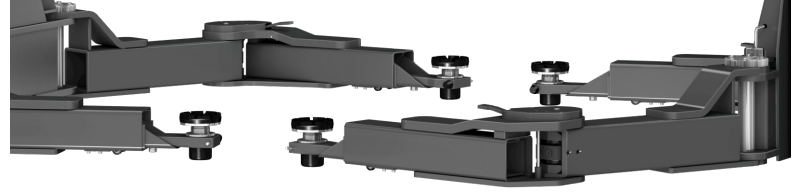

## Options:

2nd control panel for Advanced, different height extensions, E-Set (compressed air and power connection), cylinder covers available for all versions.

### UNI - Universal arm

### DG - Double joint arm
